### Work Experience

#### Landscape designer / DS landschapsarchitecten

November 2017 - Present / Amsterdam

I worked on the sketch, developed and definitive design for the outdoor space of the new temporary Europol building and a new city street in Groningen. I did the concept and developed design for an indoor garden in Purmerend. I also worked on the definitive design for Amsterdam Vertical N1+N3 in Sloterdijk. Finally, I collaborated in the biodiversity vision for Amstelstad in Amsterdam.

#### Architect / C Concept Design

October 2016 - November 2016 / Den Haag

I collaborated in the developed design and the technical drawings for the project of a new Globus hypermarket and all its surroundings, in Russia.

#### Architect / DRAU architects

May 2016 - September 2016 / Barcelona

During my stay at DRAU Architects I worked on the definitive design and the construction documents for an extension to a single family house in Cambrils.

#### Urban designer / Raons Públiques

February 2016 - July 2016 / Barcelona

During my stay in this company I was developing urban co-creation processes. My specific role was to facilitate workshops with neighbors and compile with sketches the basic ideas in order to be used in the future design of urban projects.

#### Architect / Lluís Comeron architects

February 2016 - April 2016 / Barcelona

My job included the design process from the sketch design, through the technical design and finally the construction documents for the restoration of two apartment buildings on Rambla Catalunya 107-109.

### Education

#### Master in Landscape architecture (2nd year)

Amsterdam Academy of Architecture  
Amsterdam, 2017-present

#### Bachelor and master in architecture

Universitat politècnica de Catalunya  
Barcelona, 2006-2014
